

# Employment Support Results

July 2022 to June 2023

“  
**Mauri mahi, mauri ora.**  
A working soul is a healthy soul.  
”

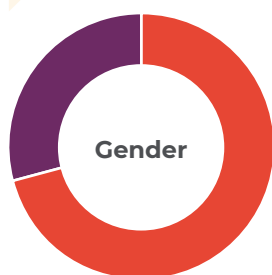

Now in its third year, Workwise has three employment consultants / kairapu tūranga mahi integrated with The People's Project Hamilton and Tauranga teams, delivering employment support as a seamless part of The People's Project service.

We believe that people shouldn't have to put their employment dreams on hold because of homelessness. Having a paid job can help with preventing homelessness, increasing self-sufficiency and community integration. It also brings health and wellbeing, financial security, an increased sense of citizenship and can lead to a decrease in negative social impacts.

Offering employment support as an integral part of other health and social supports is therefore crucial.

We are pleased to share our annual results achieved by Workwise working alongside The People's Project during the past year.

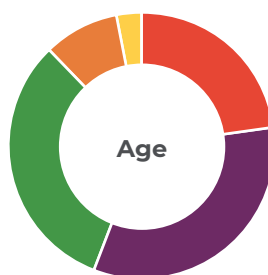

This year, we worked with **76 new people** - helping them to find work and to stay in work.

My employment consultant helped me figure out why I wanted to work and together, we set goals to get me back into the workforce. She made sure we didn't just look at 'any job' but the 'right job' for me, as I was concerned about my health. Once I got a job, she also provided ongoing support and advice and was always willing to help me if needed. - Job Seeker
